You resembled your mother awfully a lot when you said that
Forget it!
끝!!
I lost my appetite.
Thank you for the meal!
Just because you hate your mother,
you are refusing my help?
I don't want you to even pay attention to me!
How about a deal then?
A deal?
I have nothing to offer you

I thought you wanted to prove your father's innocence.
For that, you will need money, time and efforts.
Lots of them.
Did he just say innocence ?

I may not be your father's friend
But I do know what kind of man he is
D do you
Think that father is actually innocent ?
If he says he is, I believe he is.
Those who knew him personally
Would know that
But ... no one believed him.

Everyone said ...
He made "a mistake" ..
The supermarket lady who swore to others that ..
"Mr Shin can live without laws" — Even she didn't believe him
The laundromat owner — who said my father was "too innocent to even lie" didn't believe him ..
Everyone else ..
Everyone said he made "a mistake" and concluded him—

But father insisted that he didn't do it
He could not remember anything because he was so drunk
People
Generally do not believe words from a drunken person.
Blood was scattered every where in the room
Even his closet friends who knew him well
The whole situation indicated that he was the murderer
Said he was under the influence when he murdered
Everyone told him to admit his crime.
And plead guilty to ease his sentence.

But father insisted that he was innocent.
If your father believes that he is innocent,
Then I will also believe that he is innocent
But you do believe he is innocent, do you not ?
What's with this man.
Even people closest to him didn't believe him.
He shows up today
And tells me that he believes him.
I can't ...
I can't act rude to him now ...

Because ... he is the only person
that's on our side.
Whatever
Since you trusted us,
I will trust you for now
But I will return your favor
So, let's talk about the deal you said to me earlier
By the way, mister
You must be pretty rich. You have a driver and your car is from foreign.
I guess it's okay to call my price higher ?
Your price ?
Let's be honest. All I can do for you is manual labor.

Wow, three ?!
Your wife must have gone through some tough times.
Actually, four The last one's staying on my relative's.
I bet your home is pure chaos.
*Pretty rare nowadays One child is the common trend.
He doesn't look like he's a player in bed though...
How deceiving...
Wait a sec !
Labor, huh... I do have three children.
I guess I can hire you to be my children's friend
Wait, are you saying you want me to become their maid ?!
For three ? or soon to be four ?!

Her imagination
I am hungry !
Ugh –
& but – I don't have any choices !!!
They aren't that troublesome.
They haven't caused any big troubles either.
What would you know ?! I don't think you've ever made them a meal !
I've been too busy to be with my kids to be honest.
How about your wife ?
I don't want to follow you blindly into your home and get attaked by your wife.

Hahaha... what are you thinking ?
I'd love to see her do that once in a while.
This guy's a little strange
He said he was my mother's friend ...
Don't worry.
But his motive for helping me is completely unknown.
All you have to do is come to my house regularly.
And get paid.
He is too suspicious. I cannot trust him
But for now .. in order to help my father
I need someone to leech !
Fine, since I've decided to make a deal with you,
I won't ask too much details.

I will work for you
And I will do whatever you ask me to do as long as it's reasonable
And for that
I'd like an annual salary of 10 million.
But I will be the one who pulls triggers.
It was you who approached me first.

How about that, mister ?
Don't you worry, it's all a part of negotiation.
Now you lower the price –
And we will agree on a more reasonable price. That's how it works.
Very well.
Done deal
What ?
Pardon ?
??
???
Start working as soon as you take care of your other matters.
I will have my secretary to give you the address.
Um .. excuse me .. ?

If you cannot believe me,
We will make a written contact after I return from my overseas duty

I thought he was rich.
But I didn't think he'd be this rich.
Rich Rd...

After I return from my duty in London
We will sign a contract with your annual salary of 10 million
